RESPONSE TO RESTRICTION REQUIREMENT

MS Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

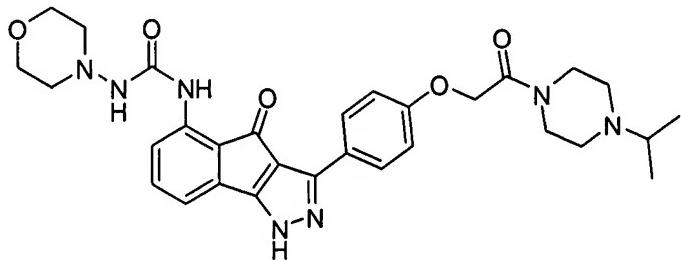

Dear Sir:

In response to the outstanding Restriction Requirement, dated March 22, 2007, in connection with the above application, Applicants hereby elect Group I (claims 1 to 25) drawn to products of formula (II). Applicants note that the Examiner states that Group I includes claims 23 to 25, drawn to methods of use of products of formula (II). Applicants assume that this was in error and that Group (II) includes claims 23 to 27 and 36 to 41 rather than claims 26 to 27 and 36 to 41.

Applicants elect Group I with traverse because Applicants submit that the simultaneous examination of Group II, drawn to methods of use of products of formula (I) or (II), would present no significant additional burden for the Examiner. Applicants note that method claims 23 to 27 are dependent on claim 1, drawn to methods of use of products of formula (II). Claims properly dependent on elected claims that are later allowed will need to be rejoined despite restriction at this stage, pursuant to MPEP 809 et seq.

Reply to Office Action of March 22, 2007

With respect to the election of species, to the extent it applies to the above election, Applicants elect the compound shown below with traverse and for search purposes only.

Applicants believe no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 18-1945, under Order No. GPCI-P03-185 from which the undersigned is authorized to draw.

Dated: April 23, 2007

Respectfully submitted,

By Maya Escobar
